

GREENFIELDS DERIVATIVES PVT. LTD.

www.mjassociate.com

Greenfields Derivatives Pvt Ltd is solely engaged in manufacturing of Guar Meal since 2013, with promoters' own experience of 42 years in this industry. Greenfields produces its product Guar Meal under brand "GDPL - Panghea" with various variant such as Guar 70 PFR Roasted, Guar Microlam & Guar 60 PF for Feed consumption.

Our modern plant, with in house fully equipped lab, well experienced work force, proximity to main seaports, in house container stuffing, strict quality control and customized services, has brought to us recognition & rewards from the buyers world-wide and Government at home.

Quality is not an act, but it's a habit. - ML Jain, Chairman

QUALITY

QUALITY IS A SUBJECT OF CONCERN TODAY.

OUR CUSTOMERS ARE CONCERNED ABOUT IT AND THE NATION IS. WE AS A COMPANY & INDIVIDUALS ARE ALSO CONCERNED ABOUT QUALITY. WE WILL DELIVER DEFECT – FREE, COMPETITIVE & TIMELY PRODUCTS & SERVICES TO OUR CUSTOMERS.

"CUSTOMER DELIGHT"

IS OUR GOAL & NOT JUST "CUSTOMER SATISFACTION" OUR PHILOSOPHY TO CONCENTRATE ON PREVENTION METHODS TO MAKE QUALITY A WAY OF LIFE AND PERPETUATE AN ATTITUDE OF

"DO IT RIGHT FIRST TIME".

WE BELIEVE THE COMPANY THAT DELIVER SERVICES WHAT IT SAYS REMAINS **"DISTINCTLY AHEAD".**

SUSTAINABILITY

We are committed to mother nature & Society

Sustainability Value Chain Policy

Greenfields is developing specific programs related to environmental issues since September 2015, we decided to share our commitment for the respect of the ecosystem, implementing a series of "good practices" to minimize the environmental impact and rationalizing the use of natural resources.

Our partner Panghea, since 2018 has been committed to the UN Global Compact corporate responsibility initiative and its principles in the areas of Human Rights, Labour, the Environment and Anti-Corruption.

MJ Group & Greenfields in committed Ethical Business and Ethical Investment. Ethical investment has been a growing aspect of business investment since the 1970 and we are committed to following:

- The environment
- Sustainability
- Globalization effects – such as exploitation, child-labour, social and environmental damage anywhere in the world
- Corruption, armed conflict and political issues
- Staff and customers relations - for instance education and training, health and safety, duty of care
- Local community
- Other social impacts on people's health and well-being

Our Products

GUAR 50 PFR®

Guar 50 PFR® is composed of hull and germ. Our Guar 50 PFR®, is thermally treated (steamed and roasted) in order to remove the residues of gum, thus enhancing its nutritive value and digestibility.

Nutritional benefits:

- Excellent protein source;
- Higher Digestibility Percent (>88%);
- Higher Energy content and fat percentage;
- 100% GMO Free

GUAR 60 PF®

Guar 60 PF® is composed mainly of germ part of Guar seed. Our Guar 60 PF® is processed by subjecting to steam and dry heat (low temperature), to remove the trypsin inhibitor and to increase digestibility and palatability.

Nutritional benefits:

- Excellent protein source;
- Higher percentage of Crude Protein (CP);
- Higher Digestibility Percent (>86%);
- Higher Energy content and fat percentage;
- 100% GMO Free

GUAR 70 PRF®

Guar 70 PFR® is composed by Guar pure germ. Our Guar 70 PFR®, is refined and roasted thanks to our particular industrial process. Through these processes our Guar is microbiologically controlled, has a great taste and low anti-nutritional factors.

Nutritional benefits:

- Excellent protein source;
- Higher percentage of Crude Protein (CP);
- Higher Digestibility Percent (>92%);
- Higher Energy content and fat percentage;
- 100% GMO Free

Microlam®

Microlam® is produced with the best Hi quality Guar germ. A proprietary technique of Lamination and Micronization of germ flour brings to Microlam®, fit to substitute higher quality protein concentrates.

Nutritional benefits:

- Excellent protein source;
- Higher percentage of Crude Protein (CP);
- Higher Digestibility Percent (>98%);
- Higher Energy content and fat percentage;
- 100% GMO Free
